Enviro Friendly Products

Our cleaning products are:

- water based biodegradable
- non flammable
- non abrasive
- contain no phosphate, chlorine or toxic/hazardous air pollutants.

Service Promise

Quality of work is one of Eco Wash's cornerstones. Once the job is complete, we will do a walk through check with you to make sure you are 100% satisfied with the work. Anything you are not happy with we will fix before we leave.

While extremely unlikely, accidents do happen. Just in case anything goes wrong, you can rest assured that we have insurance coverage for liability and WCB.

Quality service with environmentally safe products
